

MRO Board Welcomes New Transmission System Operator Sector Member

February 28, 2019

Saint Paul, MN. On February 1, 2019, MRO solicited nominations from its members in the Transmission System Operator Sector for an open seat on the MRO Board of Directors with a term ending December 31, 2020. Following the nomination period, an electronic ballot was conducted and we are pleased to announce that Mr. Paul Roehr from American Transmission Company has been elected to the open position.

Mr. Roehr is American Transmission Company's Vice President of System Operations and will be a valuable addition to the board. Please join us in congratulating Mr. Roehr on his election!

###

Midwest Reliability Organization (MRO) is a non-profit organization dedicated to ensuring the reliability and security of the bulk power system in the central region of North America, including parts of both the United States and Canada. MRO is one of seven regional entities in North America operating under authority from regulators in the United States through a delegation agreement with the North American Electric Reliability Corporation (NERC) and in Canada under similar arrangements. The primary focus of MRO is developing and ensuring compliance with reliability standards and assessing the grid's ability to meet the demands for electricity.
