

NERC Solicits Nominations for Proposed Reliability and Security Committee Officer Positions

September 10, 2019

The North American Electric Reliability Corporation (NERC) Stakeholder Engagement Team (SET) is seeking nominations to fulfill Officer positions for the **proposed*** Reliability and Security Committee (RSC).

The SET was formed to review the existing NERC technical committee structure and develop a recommendation. The SET is comprised of members of the Board, leadership and representatives from the Member Representative Committee, the chairs of the technical committees (Operating, Planning, and Critical Infrastructure Protection), other stakeholder volunteers, and NERC senior leadership, legal, and staff. The SET considered multiple options for fulfilling the ERO Enterprise need for participatory technical input on matters of reliability and security of the North American BPS, including maintaining the existing committee structure. The SET determined that a new Reliability and Security Committee (RSC) to replace the three existing technical committees would best meet the vision for effective and efficient technical input.

The nomination period for nominating candidates for the RSC Chair and Vice Chair begins September 9, 2019 and runs through September 23, 2019.

The SET will present its recommended candidates for RSC Chair and Vice Chair to the NERC Board of Trustees (Board) for their approval at the November 5, 2019 meeting. If approved by the Board, the RSC Chair and Vice Chair will serve two-year terms.

If you have any questions about the RSC officer nomination process, please send an e-mail to [Stephen Crutchfield](mailto:Stephen.Crutchfield@nerc.gov) at NERC or call (404) 446-9646.

Nomination Period: September 9 – 23, 2019

**The formation of the RSC has not yet been approved by the Board. A revised SET recommendation for the committee structure and charter will be issued for Policy Input prior to any Board action. In order to support a timely transition in the event that the Board approves the proposal in November, the SET formed a nomination committee from the SET to identify potential officer candidates for the Board's consideration at the same time the Board deliberates on the final committee proposal. Under the revised proposal, future officers will be selected by the committee itself.*
