## CLIMATE

Owing to its northerly latitude and inland location, the Twin Cities area can be cold during the winter months, but is pleasant during the rest of the year. For inclement weather, downtown St. Paul has an extensive above ground skyway system which connects all the major buildings, including Infor Commons. A map is included for your convenience. Monthly average daily high temperatures range from 21.9°F (in January) to 83.3°F (in July).

## TRANSPORTATION

MRO is roughly 9 miles from MSP Airport.

Click here for MSP airport transportation options [MSP Ground Transportation](#).

Metro Transit also provides a limited stop bus (line #54) from the airport to downtown St. Paul at varied prices based on time of day from \$2.00 to \$2.50 and the drop off to MRO's office requires a two block walk. At the airport, line 54 buses can be found at MSP Terminal 1 – Lindberg Terminal and the closest drop off to the Infor Commons is 5<sup>th</sup> St. and 7<sup>th</sup> St.

The Metro Transit Light Rail can take you from the Minneapolis-St. Paul Airport to Downtown St. Paul. At the Airport, the Terminal Blue Line Light Rail Stops are located below each of the Terminals. Take the ***“Blue Line to Mpls-Target Field”*** Light Rail to the ***“U.S. Bank Stadium”*** stop to transfer to the ***“Green Line to St. Paul-Union Depot”*** Light Rail. The closest stop to the Infor Commons is the ***“Central Station & Platform”*** on the intersection of 5<sup>th</sup> St. and Cedar St. [Click here for the Metro Transit webpage](#).
