

Per the [Rules of Procedure](#), Section 5.0 of [Appendix 5C](#), MRO has consulted with NERC to establish an alternative time period objective and work plan for the completing substantive reviews of Exception Requests 2017-MRO-NCR00860-Exception00001 and 2017-MRO-NCR00860-Exception00002. It is expected the Substantive Reviews will be completed by June 8, 2018. The work plan is to further explore the necessity to submit an Exception Requests to the Definition of Bulk Electric Systems for the exclusions requested.
