

## STANDARD APPLICATION GUIDE REQUEST FORM

MRO's Compliance Monitoring and Enforcement Program Advisory Council (CMEPAC) welcomes suggestions to improve the implementation of new or revised Reliability Standards. Please use this form to submit your request to propose a new Standard Application Guide (SAG). **Complete Part I and send completed form to [standards@mro.net](mailto:standards@mro.net)**

PART I			
Standard Number and Title:			
Subject of Proposed SAG:			
Date:			
SAG Requester Contact Information			
Name:			
Organization:			
Telephone:		Email:	
SAG Type (Check all that apply)			
<input type="checkbox"/> New Standard Implementation <input type="checkbox"/> Targeted Ambiguous Requirements of Reliability Standard <input type="checkbox"/> Significant Revisions to Existing Standard <input type="checkbox"/> Retirement of Existing SAG			
What is the industry problem this SAG request is trying to resolve?			
How does this request propose to address the problem described above?			

**What are the objectives of the proposed SAG and what specific deliverables are expected from the SAG?**

**Are the Reliability Standard Requirements ambiguous?  Yes  No**  
**If yes, identify the ambiguous requirement(s):**

**The proposed SAG will apply to the following reliability functions (Check all that apply):**

- Balancing Authority     Distribution Provider     Generator Operator     Generator Owner
- Planning Coordinator     Reliability Coordinator     Resource Planner     Transmission Operator
- Transmission Owner     Transmission Planner     Transmission Service Provider

**PART II - Scope of SAG and Resources Needed (Completed by MRO)**

**How many MRO Registered Entities would be affected by the SAG?**

**How many Functional Entity Types are benefited by the SAG?**

**Are there significant numbers of violations to the Standard?  Yes  No**  
**If yes, please identify:**

**Are there Regulatory or Effective Date Considerations?**

PART II - Scope of SAG and Resources Needed (Completed by MRO)		
<b>Briefly describe the scope of the proposed SAG and the knowledge necessary to develop the SAG.</b>		
<b>Provide a Detailed Description of the SAG.</b>
